bank to another bank. ECS credit can be used to credit salary, dividend, interest, pension etc. and ECS debit is used to debit monthly telephone bills, electricity bills, equated monthly installments (EMI) payments. For this purpose the account holding individuals and institutions concerned should fill up certain forms and submit to the banks. ECS transactions between banks are settled in the current account maintained in the clearing house.

4.CORE Banking Solutions

'CORE' stands for 'Centralized Online Real time Exchange'. In the centralized server of the bank, all the details of all the accounts of all the branches of the bank are available. A customer can withdraw money through cheque at any branch of that bank throughout the world. Similarly anyone can deposit money into the account. Entry of the transactions is recorded in the centralized server of the bank in real time and can be seen in all the branches of the bank. This facility is called core banking solutions.

5. Internet Banking or Virtual Banking

Internet banking refers to performing banking operations through internet, using computers and mobile phone. This can be done by a customer from home or office or any part of the world and all 24 hours of 7 days.

6. Mobile Banking

Most of the commercial banks have designed computer programs called apps which can be downloaded in smartphones. With this app in the smartphone a customer can operate his account transactions from anywhere. This service is known as mobile banking.

7. Automated Teller Machine (ATM) and CDM Facilities

A customer can withdraw money anytime, anywhere in India from the ATM machine using the ATM card given by his/her bank. The machine also shows the balance available in the customers' account, provides statement print of the few past transactions, etc. Withdrawal of money in other bank ATMs is restricted and will be charged beyond the specified number of usage. Cash Deposit Machine Facility is useful to the public as well as customers to deposit cash into the account anytime. Similarly there are cheque deposit machines which receive cheques at any time.

8.IMPS - Immediate Payment Service

IMPS was launched by the National Payments Corporation of India in November 2010.
