D. Impact of E-commerce on buyers

i) Buyers could have a global access to information about variety of products and services available in the market

ii) They could buy the products/services round the clock from anywhere in world

iii) The prices of products bought through e – commerce tend to be relatively lower than those purchased physically in the conventional shops due to offers, discount etc.

iv) Electronic and software products could be downloaded immediately after purchase through e – commerce mode

v) Customers could participate in e auction which is one of the facets of e – commerce and get contract in a free and fair manner

vi) Individuals could sell their used products through e – commerce mode with relative ease.

vii) Buyers can bargain and negotiate better terms and conditions with respect to buying knowledge products.

E. E – Commerce Domains/Models

1. Business to Customers (B 2 C)

This is fastest growing segment in e – commerce spare. Under this model, business concern sells directly to consumers

2. Business to Business (B 2 B)

Under the model, business concerns transact with one another through internet. For instance, Snapdeal, Filipkart, Alibaba, Indamart, Trade India. Com etc.

3. Consumer to Consumer (C 2 C)

Under this model, customers sell directly to other customers through online classified advertisement or through auction or through mobile or through market places. Example. Indian ventures in C 2 C are Kraftly App (buying and selling anythings) which deals in hand made products of a wide range. Onceagainstore. Com is a website that buys pre – owned women's fashion products. Other players are quirkr,Olx, ebay etc..

4. Customer to Business (C 2 B)

This model is reverse to auction model. Products like automobile, electronic items furniture and smilar product are traded by customer through websites. Example Naukri.com, and Monster.com are examples of Indian companies operating in this domain

5. Business to Government (B 2 G)

This model envisages selling products and services by business consumer to Government organization . For instance TCS operates the passport application process for the Government of India as part off - line process
