(ii) Rectification of errors while preparing the trial balance

Errors can be rectified at the time of preparing the trial balance as follows:

(a) Rectification of one-sided errors while preparing the trial balance

While preparing the trial balance, if the total of debit balances and credit balances are not the same, there is disagreement of trial balance. It shows that there are errors in the books of accounts. As a consequence, the accountant may start locating errors before closing the trial balance. In such cases, the errors are rectified at that stage itself. At this stage, the rectification of one-sided errors is made in the same manner as in the case of rectification before preparing trial balance. Rectifying journal entries are not required to be passed in the books. In such cases, errors can be rectified by giving an explanatory note in the account affected.
