www.tntextbooks.in

```
    cout<< "Third Student" <<endl;
    cout<< "roll no : " << p3.roll_no <<endl;
    cout<< "name : " << p3.name <<endl;
    cout<< "phone no : " << p3.phone_number <<endl;
    return 0;
}
```

10. Debug the error in the following program

```
#include <istream.h>
structPersonRec
{
        charlastName[10];
        chaefirstName[10];
int age;
}
        PersonRecPeopleArrayType[10];
voidLoadArray(PeopleRecpeop);
void main()
{
        PersonRecord people;
for (i = 0; i < 10; i++)
{
        cout<<people.firstName<< ‘ ‘ <<people.lastName
        <<setw(10) <<people.age;
}
}
```
