The courses offered, top colleges and competitive exams conducted for higher education after 12th in Chemistry field were summarized below.

Courses Bachelor Degree	Institution	Selection Mode	Careers in Chemistry
• B.Sc. (Chemistry) • B.Sc. (Analytical Methods in Chemistry) • B.Sc. (Applied Chemistry) • B.Sc. (Industrial Chemistry) • B.Sc. (Polymer Chemistry) • B.Sc. (Bio Chemistry)	• Arts and Science Colleges in India	Counseling based on 12th Marks in Science Subjects	• Teacher for Secondary Schools • Lab Chemist • Food Processing Firms • Paint Manufacturing Companies • Plastics Industries and Textile Industries • Agrochemical Industry • Petrochemical Industry • Water Quality and Cosmetic Chemists • Can write any type of competitive examinations such as TNPSC, Bank exams, Civil service, RRB etc.
• B.E.(Chemical Engineering)	• Indian Institute of Technologies	#JEE (Main & Advanced)	• Architectural engineering works • Resin and artificial synthetic fibers • Petroleum and coal products manufacturing • Space Fuel Processor • Biotechnology and pharmaceutical companies • Climate Change Reversal Engineer • Food Manufacturing unites, Electronics and Energy manufacturers
	• Birla Institute of Technology and Science	#BITSAT	
	• All Govt. and Private Engineering colleges in Tamilnadu	TNEA Counseling based on cut off scored in 12th std	
• B.Tech .(Rubber plastics technology)	• Madras Institute of Technology		
• B.Tech .(Petroleum Refining and Petrochemicals, Ceramic Technology(S.S), Textile Technology, Leather Technology)	• Anna University, Alagappa College of Technology, CSIR-Central Leather Research Institute and other affiliated colleges		
• B.E. / B.Tech. (Plastics Engineering / Technology)	• Central Institute of Plastics Engineering & Technology		
Diploma			
• Advanced Diploma in Technical and Analytical Chemistry (ADTAC)	• Maharashtra State Board of Technical Education (MSBTE) - Government of Maharashtra.	Counseling based on percentage scored in degree (Eligibility: Any Degree)	• Chemical, pharmaceutical, food and paint industries as Analysts, Chemists and Q.C. Chemists
• Plastics Processing & Testing	• Central Institute of Plastics Engineering & Technology	#JEE	• Plastics Industries
Masters Degree
