Illustration 15 (One-sided errors and two-sided errors with preparation of suspense account)

A book-keeper finds that the debit column of the trial balance is short by ₹ 308 and the difference is put to a suspense account. Subsequently, the following errors were located.

(a) An entry for sale of goods on credit for ₹ 102 to Mekala was posted to her account as ₹ 120.

(b) ₹ 100 being the monthly total of discount allowed to customers was credited to discount received account in the ledger.

(c) ₹ 275 paid by Mannan was credited to Kannan account.

(d) ₹ 26 appearing in the cash book as paid for the purchase of stationery for office use has not been posted to ledger.

(e) The purchases book was undercast by ₹ 100.

Rectify the errors and prepare suspense account.
