

Emperor Alexander

In 326 BCE when Alexander entered the Indian subcontinent after defeating the Persians, Ambhi, the ruler of Taxila, surrendered and accepted the suzerainty of Alexander. The most famous of Alexander's encounters was with Porus, ruler of the region between Jhelum and Beas. The two armies met in the battle of Hydaspes in which Porus was imprisoned. Later, impressed by the Porus's dignity, Alexander restored his throne on the condition of accepting his suzerainty. His battle-weary soldiers refused to march further. Alexander did not want to proceed against the reluctance of his army. During his return, Alexander died of a mysterious fever in Babylon.

The Impact of Alexander's Invasion

Alexander's invasion led to the establishment of Greek satrapies in the north-western region of the Indian subcontinent. Trade routes opened up with the West. There were four different trade routes in use, which facilitated the movement of Greek merchants and craftsmen to India, establishing direct contact between India and Greece. As trade contact increased, many Greek settlements were established in the northwest of India. Alexandria near Kabul, Boukephala near Peshawar in Pakistan and Alexandria in Sindh were some of the prominent Greek settlements.

The Greek accounts of India provide valuable information but with a bit of exaggeration. Alexander's death created a void in the north-west, facilitating the accession of Chandragupta Maurya to the throne of Magadha. It also helped him to conquer the numerous small chiefdoms in the north-west and bring the region under his empire.

4.5 Mauryan Empire

Contemporary accounts by Greek historians show that Chandragupta was a youth living in Taxila when Alexander invaded India. Greek historians have recorded his name as "Sandrakottus" or "Sandrakoptus", which are evidently modified forms of Chandragupta. Inspired by Alexander, Chandragupta led a revolt against the Nandas years later and overthrew them. Chandragupta achieved it either by inciting the people to rise against an unpopular monarch, or by soliciting their support in overthrowing an unpopular king. Chandragupta established the Mauryan Empire and became its first emperor in 321 BCE.

Ashoka Rock Edict at Junagadh

We know from the Junagadh rock inscription (referred to earlier) that Chandragupta had expanded his empire westward as far as Gujarat. One of his great achievements, according to local accounts, was that he waged war against
