introduce such a democracy. Direct democracy in Athens emerged in between 800-500 BCE (Before Common Era). In Athenian direct democracy, the citizens of the city-state are all as members of the assembly, who participated directly in the decision making and the process of legislation. Given the limited population they were able to gather in the city square and were able to deliberate. All citizens were free to express their different opinions, debate, and vote in a system directly and this was called as Classical Democracy. Classical democracy for its success should have two preconditions: a) The community must be small enough for citizens to be proficient in attending debates and voting on issues; b) the economy of the state should be sufficient for enabling the citizens to engage in politics.

The principles of classical democracy are mentioned below:

a) The chief political ideals were equality among all people, liberty and respect for law and justice.

b) Equality before law and equal treatment of law enabled justice to prevail in almost all the spheres of society. Political life was free a nd open.

The main subject of classical democracy was the participation of all peoples in the processes of state. Classical democracy was to bring equality among citizens in respect of rights and privileges.

Protective Democracy:

Democracy has been regarded as a means at the disposal of individuals which they can use to safeguard their rights and liberties. Protective democracy as a Rights-based democracy emerged in the late seventeenth and early eighteenth centuries placing it as an instrument of protecting human rights and liberties. The English thinker ***John Locke*** (1631-1704) was regarded as the great advocate of protective democracy. ***Locke*** argued that the citizen's freedom and right to vote was based on the existence of natural rights characterized by Life, Liberty and Property.

Protective Democracy was proposed by English thinkers ***Jeremy Bentham*** (1748-1832) ***James Mill*** 1773-1836) and ***John Stuart Mill***(1806-1873) of the Utilitarian School of Democracy and Rights. Utilitarianism was powerfully advocated in favour of protective democracy.

The following are the basic features of protective democracy:

- Protective democracy believes in popular sovereignty.
- Both the popular sovereignty and representative form of government are legitimate.
- It is the primary duty of the state to protect the rights and liberties of citizens.
- The authority is accountable to the People and in order to establish it elections are held on regular basis.
- Separation of the Legislature, Executive and Judiciary are the most important means of protecting the rights, liberties and the distribution of privileges.
