fees which could be levied and collected by the Municipalities (For example: tax on lands and buildings, scavenging tax on octroi, a tax on advertisements, a fire tax, toll on roads and bridges etc) the 74th Amendment Act made it obligatory for the state governments to Constitute State Finance Commission within one year from the commencement of Act.

The State Finance Commission shall make recommendations regarding:

(i) Distribution between the state government and municipalities of the net proceeds of taxes, duties, tolls and fees to be assigned or appropriated by the state;

(ii) Allocation of share of such proceeds between the municipalities at all levels in the states;

(iii) Determination of taxes, duties tolls and fees to be assigned or appropriated by the municipalities;

(iv) Grants-in-aid to fund the state;

(v) Measures needed to improve the financial position of the municipalities.

However in practice, the Municipalities in our country undertake only such functions which have been specifically assigned to them by respective state legislative enactments. This restrictive approach to municipal functions no longer and holds good in the changed political context and needs of the country. There has been increasing tendency on the part of the state government to take over more and more local functions either directly or by creating special purpose agencies.

Municipal Corporations

The Municipal Corporations constitute the highest or the top most form of urban local government in India. They are created for big cities by the enactments of the State Legislatures or of the Parliament in the case of Union Territory. The various categories of the cities are determined by its population, area or revenues. Municipal Corporations in the early period were established in three Presidency towns viz; Bombay, Madras and Calcutta. A Municipal Corporation is based on the democratic principle of management of local affairs by the representatives of the people of the city concerned, who are to be elected periodically on the basis of universal adult franchise with reservation of seats for SCs and STs in proportion to their population and also for women. The Municipal Corporation is marked by statutory separation of deliberative and executive wings.

The Corporation Council and the Standing Committees Constituted the deliberative wing and the executive wing. The Council, consisting of elected representatives and a few nominated members, is responsible for the exercise of legislative powers. The Standing Committees function as an auxiliary of the Corporations. All the matters to be passed by the council pass through it after it considers the proposals and recommendation made by the Municipal Commissioner. The Municipal Commissioner is the chief executive and implementing the decisions taken by the council.
