ICT CORNER 9(a)

Limits and continuity

Expected Outcome

Step 1

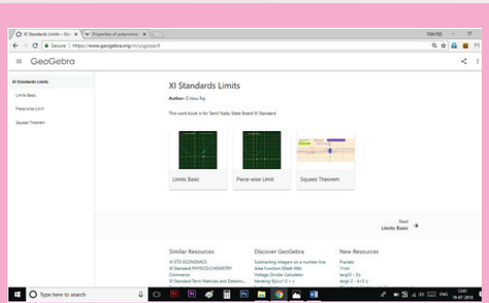

Open the Browser type the URL Link given below (or) Scan the QR Code.

GeoGebra Workbook called "XI Standard Limits" will appear. In that there are several worksheets related to your lesson.

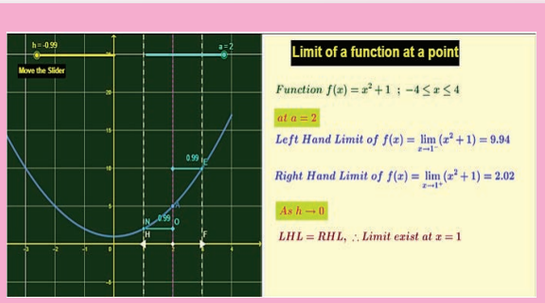

Step 2

Select the work sheet "Limits basic". A continuous function is given. You can select the limit at a desired point by moving the slider "a". Then move the lines $x=h$(nearest to a point) both left and right side to check $f(h)$ by moving the slider "h"

Compare this with the definition given in book.
