### (b) Rectification of two-sided errors after preparing the trial balance

At this stage, every two-sided error is rectified by passing a rectifying journal entry by debiting one of the accounts affected and crediting the other account. As these errors do not cause difference in trial balance, the suspense account is not used in the rectifying journal entries. Therefore, the rectifying entries passed for rectifying two-sided errors before preparation of trial balance and after preparation of trial balance are the same.

### Illustration 12

(c) Purchased goods from Natarajan on credit for ₹ 750 were wrongly passed through sales book.
