

R.F= 1:8,000,000

Example: 3

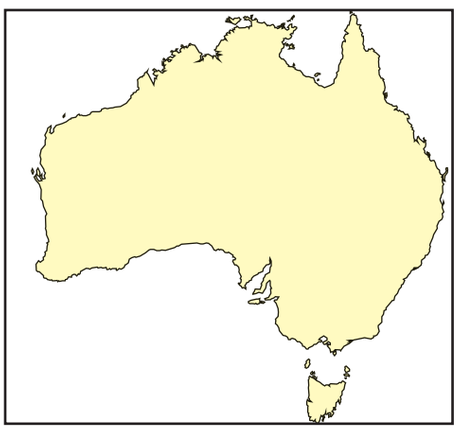

This is a map of Australia drawn on the scale of 1/32,000,000 and is to be enlarged on the scale of 1/16,000,000. The side of each square is ½ cm.

Calculation

To enlarged the given map on the scale of 1/16,000,000:

In the given map, when the scale is 1/32,000,000 the side of the small square is 0.5 cm.

Australia
