Multinational Corporations in India

Meaning

Indian economy is growing over the lengths and breaths and establishes businesses earning huge profit. Companies have grown in their size (capital and number of employees) competing with different countries companies. The concept of Multinational Corporation has gained significance over a period of time as it has its business globally in different countries.

Definition

MNC is defined to be an enterprise operating in several countries but managed from one country.

A Multinational corporation is an organization doing business in more than one country. It engages in various activities like exporting, manufacturing in different countries.

MNC is company which functions with a head quarters based in one country, while other facilities are based in other location.

Any company is referred to as a Multinational company or corporation (MNC) when that company manages its operation or production or service delivery from more than a single country. It has its headquarter based in one country with several other operating branches in different other countries. The country where the head quarter is located is called the home country whereas; the other countries with operational branches are called the host countries. Apart from playing an important role in globalization and international relations, these multinational companies even have notable influence in a country's economy as well as the world economy. The budget of some of the MNCs are so high that at times they even exceed the GDP (Gross Domestic Product) of a nation.
